Dear Senator Gerratana, Representative Johnson, and Members of the Public Health Committee:

I am writing to express my overwhelming support for Bill #6592 supporting Homeopathy in Connecticut.

As a survivor of two chronic pain illnesses, Homeopathy provides alternative treatment that has been essential to maintaining a decent quality of life. Traditional prescription medications do not help me and, in fact, exacerbate the pain I live with every day. Homeopathic treatment is free of side effects and the only method of treatment from which I've experienced the true power of healing.

Please allow Homeopaths who have achieved the highest level of training to practice homeopathy in Connecticut. For some people who suffer daily with chronic pain it is the **ONLY** alternative medicine.

Thank you for your support of this bill.

Sincerely,

L.J. Ouellette
